VISION:

Mallala Primary School is committed to all students attending school full-time in order to fulfil their maximum potential in education and learning.

STATEMENT:

At Mallala Primary School we believe success is determined by regular attendance at school. We work hard at supporting our students and families to maintain their attendance at school. At Mallala it is essential to students learning that they are punctual, as the morning is our peak learning time and organisation for the day occurs first thing in the morning.

RESPONSIBILITIES:

FAMILY

The primary responsibility of a student’s attendance rests with the parent / carer. Having positive parenting in relation to schooling helps children to appreciate the importance of education and learning. Good habits such as structure and routine in the mornings for school assist children in getting used to getting up and getting ready for school.

SCHOOL

The school has a duty of care to their students whilst at school. Classroom teachers are responsible for marking the daily attendance and keeping a record of this in their roll book. This information is then collated and put into a data base which is monitored by the Department for Education and Child Development.

The school has a strict policy regarding absence. If a student displays a pattern of non-attendance or misses several days and explanations are not given Senior Staff will follow up with families via phone and letters / notes in student diary.

Where chronic non-attendance becomes an issue, the school will phone families and request meetings to discuss the issues and barriers influencing regular attendance. The school, in
partnership with the family will then work on improving attendance and develop an attendance improvement plan.

**DEPARTMENT FOR EDUCATION AND CHILDREN’S SERVICES**

Where chronic non-attendance (10 days or more in a term) does not improve with school support, the school will make a referral to the Department for Education – Student Attendance Counsellor.

The Student Attendance Counsellor will then work with the family on the issues and barriers for non-attendance, and work with the family and school collectively to address these issues and improve attendance.

**LEGALITIES**

All children between the ages of 6-16 are required by law to attend school fulltime under the Education Act 1972. If a child is 5 and enrolls to attend school, then they must attend fulltime. If a student is going to be away from school for any amount of time, the parent/caregiver must inform the school immediately. If a child has been ill and has seen a doctor, a certificate from the doctor will assist in accounting for the absence.

Classroom teachers are responsible for keeping an accurate up to date roll book. Roll books are legal documents and must be an accurate reflection of a student’s attendance. All notes and slips given to a classroom teacher to account for absences must be kept with the roll book and not destroyed.
