- In years R to 3, students who achieve in the bottom 66% as measured by the Oral Language Assessment will improve by 20% across the year.
- From the start of 2015 to the end of 2016, the average percentile of students in the bottom 50% will improve by 10% in each year level as measured by PAT-R.
- Greater than 25% of students will experience upper level growth in Reading by NAPLAN 2016.

Guiding Principles

- All students are able to learn and have a right to learn, so the learning programme should be inclusive and accessible to all.
- Students learn best when they are given regular encouragement and feedback.
- A partnership between parents and educators leads to better learning outcomes for students.
- Literacy and Numeracy are the foundations of learning.
- Learning needs are met through careful planning which builds on students’ current knowledge, interest and ability.

Values

Respect, Persistence, Excellence, Diversity
